WHAT TO EXPECT	The exciting first step into treasury, corporate finance and financial markets that equips you with knowledge and tactical 'hands-on' skills to better understand and support the business.	You'll become a trusted treasury professional, relied upon for your operational competencies and technical know-how. You'll add value to the business or your clients by offering practical guidance to colleagues, while driving continuous improvements.	You'll become a confident professional across all areas of treasury management. You'll be the go-to person for in-depth technical treasury expertise, and respected for your ability to problem solve and enable the business to meet its objectives.	Are you a qualified accountant wanting to broaden your financial skills and explore new career opportunities? Adding treasury to your financial skillset will give you the chance to stand out from the crowd.	Develop the essential skills and knowledge required for a career in international cash management and liquidity.	You'll become a trusted expert, highly valued for your ability to provide solutions and deliver best practice in domestic and international cash management.	You'll become a trusted expert in sustainable finance. You will add value to your organisation or clients by adopting tools and techniques that reflect the growing importance of ESG factors.
