

# MICROCREDENTIALS

## CREDENTIAL OUTLINE

Learn key treasury skills on your schedule with **ACT MicroCredentials**, a more flexible route to the ACT's Certificate in Treasury qualification.

Whether you're **building your experience** or **upskilling your team**, MicroCredentials help you upskill with purpose, refresh your knowledge, and explore new areas of treasury while fitting around your work-life schedule.

Take **one MicroTopic** to sharpen your expertise on a focused topic or **build up the full set** to gain our **Certificate in Treasury** qualification.

## Principles of Risk Management

By taking this MicroTopic, you will develop a good understanding of how organisations identify, assess, evaluate, manage, and report risk for an array of fundamental and emerging risks.

You will start by exploring the types of risk, and industry-standard frameworks that guide an effective risk management process, before moving on to exploring the key risk categories (business, financial and operational) and how they interrelate with one another.

### What you will cover

- Introduction to risk and risk management frameworks
- Risk identification and classification
- Risk management and reporting
- Risk assessment and measurement

### Learning Support

Students will benefit from an active, engaging and supportive online learning experience and gain access to study materials, activities, podcasts, and webinars.

### Entry requirements

More information on the entry routes can be found on [our website](#)

### Assessment

One online MicroTest, on demand and remotely invigilated, your assessment will be a combination of multiple-choice questions and case studies.

### Progression Opportunities

Once you complete this MicroTopic you are a step closer to achieving the globally recognised Certificate in Treasury qualification. Follow this link to see our other available MicroTopics that you can complete.

**Study duration:** 8 weeks
